

## AI's Corner

Welcome to 2019! A Huge thanks to everyone for all you did for our clients, business partners, our company and our people in 2018. December was a busy month of work and celebrations for AcisTek. We kicked off the month with our annual Holiday Party, this year held at 2941 in Fairfax. It was an evening of good cheer, great food, and fun celebrating the season. Many thanks to Trineice and Tiffany for their support in planning this great event.

On December 14<sup>th</sup> we held our bi-annual Company Meeting where we provided an update on Company progress and plans for 2019. We also were very pleased to award our Annual Excellence Awards for 2018. This year awards went to Jun Luo (Developer), Charles Reynolds (Business Analyst), Trineice Young, and Tiffany Emerson (Manager).

In January we've experienced a partial government shutdown, now thankfully over (temporarily) and we were extremely fortunate not to have our contracts interrupted. Managers and employees are working together now on their 2018 Annual Performance Reviews.

This is a great collaborative process with employees and their managers to jointly assess their performance, discuss professional development and set goals for 2019.

At a company level we are continuing to work towards our CMMI Level 3 certification and were extremely pleased to learn from NIH that we will be awarded a new government wide contract in the coming weeks/months. More on that in our next newsletter. We look forward to a great 2019 together!
