

STARS II | GWAC

Contract Holder

8(a) Contract GS00Q17GWD2106

Features

The government's preferred 8(a) contract vehicle

8(a) STARS II is a multiple-award IDIQ contact engineered by GSA to provide federal agencies with cutting-edge technology solutions from approved small and 8(a) businesses. GSA can assist potential ordering agencies interested in using STARS II through the Small Business GWAC Center. To learn more about contract vehicle and how GSA can help, please visit the STARS II website at www.gsa.gov/8aSTARS2. Key features include:

- ▶ Valid through 08/2021, with potential task orders running through 08/2023
- ▶ Allows fixed price, labor hour, or time & materials task orders
- ▶ Allows for **Direct or Assisted Acquisitions**
 - Direct acquisitions: ordering agencies use STARS II directly to procure IT service
 - Assisted acquisition: GSA performs acquisition activities using the STARS II contract on behalf of the ordering agency on a **competitive or sole-source basis**.
- ▶ Task Orders can be issued in any of 4 functional areas:
 - FA1 - 541511 - Custom Computer Programming Services
 - FA2 - 541512 - Computer Systems Designs Services
 - FA3 - 541513 - Computer Facilities Management Services
 - FA4 - 541519 - Other Computer Related Services

Benefits

Using STARS II, potential clients can access AcisTek's award winning services through an established contract vehicle rather than through traditional, open market methods, saving time and taxpayer dollars. Key benefits of using STARS II include

- ▶ **Non-competitive, sole source awards up to \$4M.** Competitive awards available for much higher than \$4M
- ▶ A deep pool of pre-completed, easy to use contracts and small businesses
- ▶ Streamlined ordering procedures that reduce procurement lead time, based on FAR16.505
- ▶ Free training and support for agency contracting officers from the GSA STARS II Acquisition team
- ▶ No protests on task orders under \$10 million, except on grounds that the order goes beyond the scope of the GWAC
- ▶ Complimentary scope compatibility reviews
